

## About Me

I am currently a student at Futuregames, passionate about environmental storytelling and player guidance. I have always been fascinated by how games can bring such a positive impact on people's lives, just like they did to mine years ago. I am very excited about learning more and contributing to this industry.

## Skills

- Unreal Engine
- Unity
- Visual Scripting
- Jira

- Communicative
- Team Player
- Problem Solver
- Adaptable

## Portfolio & LinkedIn
